

PRODUCT DATA SHEET

Sikaplan® WT Internal Corner PE

Preformed piece of Sikaplan® WT sheet membranes (FPO-PE) for internal corners

DESCRIPTION

Sikaplan® WT Internal Corner PE is a preformed piece of PE-based membrane to facilitate the detailing of internal corners.

USES

The Product is used for corner detailing of FPO water-proofing sheet membranes based on PE.

Please note:

- The Product is not compatible with Sikaplan® WT 4220 membranes.

CHARACTERISTICS / ADVANTAGES

- Easy to apply
- Proven performance over decades
- High UV stability
- Good resistance to aggressive conditions in natural ground water and soil
- Good resistance to specific chemicals
- Good resistance to bitumen

PRODUCT INFORMATION

Chemical Base	FPO/PE	
Packaging	Products packed in bags. Refer to the current price list for available packaging variations.	
Appearance / Colour	Appearance	Preformed piece of membrane for internal corners
	Colour	yellow
	Surface texture	smooth
Shelf Life	5 years from date of production	
Storage Conditions	The Product must be stored in original unopened and undamaged packaging in dry conditions.	
Dimensions	Base	~125 × 125 mm
	Height	~125 mm
Thickness	~1.8 mm	
Weight	~0.08 kg

System Structure

ANCILLARY PRODUCTS:

- Sikaplan® WT waterproofing membranes FPO-PE
- Sarnafil® T Prep
- Sarnafil® T Clean

BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

ECOLOGY, HEALTH AND SAFETY

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances which are intended to be released from the article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in the product data sheet. Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above 0,1 % (w/w).

APPLICATION INSTRUCTIONS

IMPORTANT

Strictly follow installation procedures

Strictly follow installation procedures as defined in Method Statements, application manuals and working instructions which must always be adjusted to the actual site conditions.

APPLICATION

IMPORTANT

Application by trained personnel

The application of this Product must only be carried out by an applicator that is trained or approved by Sika. The applicator must also be experienced in this type of application.

IMPORTANT

Ventilation in confined spaces

Always ensure good ventilation when applying the Product in a confined space.

IMPORTANT

Testing the water tightness

After the application, test the structure's water tightness according to the specification requirements. For information on application, contact Sika Technical Services.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request. It may be necessary to adapt the above disclaimer to specific local laws and regulations. Any changes to this disclaimer may only be implemented with permission of Sika® Corporate Legal in Baar.
